****Important- PLEASE READ** Incoming FHA
Case Transfer Requirements**

For all Incoming FHA Case Transfers, this form **MUST** be completed and **MUST** be uploaded to the efolder.

If the transaction is a purchase, the complete sales agreement with all addendums and counter offers must be uploaded

In addition, a copy of the Case Transfer Printout from FHA Connection MUST be provided by the transferring lender. That document is to be uploaded.

If an FHA appraisal is being provided from the transferring lender, the transferred appraisal must be uploaded

A copy of the Be In Mortgage. case assignment must be printed out from FHA Connection after all edits have been made upon receipt of the case from the transferring lender

The DE Underwriter must:

- Review all Be In Mortgage investor and internal Interthinx Appraiser Exclusionary or Eligibility Lists to determine that the appraiser is acceptable for Be In Mortgage. If the appraiser is listed on any exclusionary list, the appraiser is deemed ineligible for Be In Mortgage purposes and a new FHA appraiser will need to be requested by the branch from Be In Mortgage.
- Complete *HUD-54114 Direct Endorsement Underwriter/HUD Reviewer Analysis of Appraisal Report* and indicate any adjustment to value and/or additional appraisal conditions. Note that HUD does not require that the client name, buyer name or purchase contract details match on a transferred appraisal. The purpose of HUD-54114 is for the underwriter to lay out differentials and determine if such differentials adversely affect the market value assigned by the transfer appraiser.
- Upload the completed *HUD-54114 Direct Endorsement Underwriter/HUD Reviewer Analysis of Appraisal Report* and communicate acceptability or added appraisal requirements.
- If the DE underwriter determines that additional comps, commentary, corrections or updates are required, the DE underwriter must condition for the appraisal to be ordered through the Broker to be requested with Be In Mortgage. Any appraisal conditions on a transferred FHA appraisal may result in a requirement for a new order as determined by the appraiser who completed the transferred appraisal.
